New Wi-Fi Hot Spot to Help Western Loudoun Residents During COVID-19 Pandemic

Loudoun County has installed outdoor Wi-Fi at the Loudoun Valley Community Center in Purcellville

Sent: January 28, 2021

Loudoun County has installed a new outdoor Wi-Fi hot spot for residents in western Loudoun. The county's Department of Information Technology has installed outdoor Wi-Fi

at the Loudoun Valley Community Center in Purcellville, which is operated by the Department of Parks, Recreation and Community Services.

Installation of the free hot spot is intended to help residents who have no reliable internet service to access information about COVID-19 and complete any other type of essential online business, such as ordering groceries or other household supplies. Residents are asked to stay in their vehicles in order to maintain the physical distancing needed to mitigate the spread of COVID-19. Users of the service who are not in vehicles are also asked to maintain a distance of approximately 6 feet from others.

The signal is available to access in the parking lot of the community center at 320 West School Street in Purcellville. The name of the network is ParksRec-Public. No password is required. The service is available 24 hours a day, seven days a week.

This Blue Ridge District upgrade is in addition to previous outdoor Wi-Fi upgrades in parking lots immediately adjacent to the Middleburg and Purcellville libraries.

Stay Informed

Loudoun County encourages residents to stay informed about COVID-19.

- Visit loudoun.gov/coronavirus for more information about how to protect yourself and your family and to sign up for email and text updates on COVID-19.
- Text LCCOVID19 to 888777 to receive text messages from Loudoun County about COVID-19.

Residents with questions about COVID-19 may call the Loudoun County Health Department's information line, 703-737-8300, or send an email to health@loudoun.gov

Coronavirus - We're in it together, we'll get through it together - Tony
