Northstar Boulevard Design Progress

Sent: March 18, 2021

(View large version of detailed [map here](#))

I wanted to update you regarding continued progress of the Northstar Boulevard Extension Project (Evergreen Mills Road to Route 50).

The project will design and construct a new four-lane, median divided segment of Northstar Boulevard from Evergreen Mills Road to Route 50. The project includes a 10-foot-wide shared use path on both sides of the roadway, a traffic signal at Route 50 and the realignment of a portion of Arcola Mills Drive (formerly known as Evergreen Mills Road).

Last month, preliminary bridge plans and traffic volume justifications were submitted to the Virginia Department of Transportation (VDOT) for review. 60% design plans are expected to be submitted to VDOT and Loudoun's Department of Building and Development for review at the end of March 2021.

Land surveying and mapping, utility designations and geotechnical investigations are ongoing.

The project is currently estimated for completion in mid-2024.

I will continue to keep you informed as additional updates become available.

For more information about this project, [visit the project page](#)
