Dulles West Boulevard Project Update
Design Endorsement and Budget Adjustment Approved

Sent: July 19, 2021

I want to thank my colleagues for unanimously approving the staff recommended Design for the planned Dulles West Boulevard Extension (Northstar Blvd to Arcola Blvd) during the July 6th Board of Supervisors Business Meeting.

I also want to thank everyone who participated in the public input sessions to provide comment on the design concepts.

In addition to approving the road design, **the Board also approved a budget adjustment for transfer of funds from the Dulles West Blvd project to the Northstar Blvd (Shreveport to Rt 50) project in an effort to accelerate construction of the Northstar Blvd to Racefield Lane segment of the Dulles West Blvd project.** Initially, this segment would have been constructed to a temporary one lane each way design until such time as funding could be identified and allocated to widen it to its ultimate two lane each way design. However, with the approved project funding transfer, this segment will be constructed as a two lane each way segment from day one, instead of having to deal with a partial completion initially, followed by a full completion later.
