About the New Facility

The new, 21,450-square-foot facility includes an animal shelter, replacing the existing shelter in Waterford. The new facility will serve as the operational headquarters of LCAS and will be the first public shelter in the United States to meet 100% of the Association of Shelter Veterinarians Animal Shelter Guidelines, the gold standard for animal sheltering.

The new facility also expands many of the existing services provided at the current animal shelter, including pet adoptions; humane law enforcement; housing of stray, abandoned, or relinquished companion animals; dog license sales; volunteer opportunities; dispatch services; educational programs; and pet retention counseling. In addition, for the first time, the new facility will feature a veterinary clinic and surgical suite for medical treatment of shelter pets.
