## **Route 7 Intelligent Transportation System Message Board**

**Expected To Be Fully Operational By October of 2021**

Sent: September 1, 2021

Many of you have noticed the recently installed two-sided Intelligent Transportation System (ITS) message board along Route 7 just west of its intersection with Route 15. The new ITS message board is expected to be fully operational by October of 2021.

Once in operation, the new ITS message board will have the ability to display:

- Travel times
- Roadway conditions
- Detours
- Lane / road closures
- Traffic accident information
- Safety messages
- Other pertinent information

The new ITS message board also includes a closed caption TV camera to provide VDOT with live feed traffic monitoring.

This new Route 7 ITS message board is part of a system that includes four other ITS message boards installed along the Route 50 and Loudoun County Parkway corridors.

---

All our best!

A handwritten signature in black ink, appearing to read "Tony Buffington".
