Ryan Road & Olympia Drive Traffic Signal Now Fully Operational

Sent: September 15, 2021

I'm happy to report that the new signal at the intersection of Ryan Road and Olympia Drive is now fully operational!

I want to thank the Brambleton residents, HOA, developer, and VDOT for their continued efforts to ensure completion of this highly requested traffic signal project.

In January of 2020, I [shared](#) that VDOT believed the intersection was likely to pass its warrant study analysis; therefore, I had County staff request the Brambleton developer initiate its proffered requirement. The intersection subsequently passed the VDOT warrant analysis for a signal, and the developer moved forward with construction of the signal, which is now fully operational!

All our best!
