Interested in learning more about how to use the online mapping tool for Loudoun's redistricting process?

JOIN NOVEMBER 18 WORKSHOP

Join the virtual training workshop!
Thursday, November 18, 2021
11:00 a.m.

This workshop will provide a general overview of Loudoun's redistricting project, an introduction to online resources on local redistricting, and a demonstration of the online redistricting tool. Staff members of the Office of Mapping and Geographic Information will also answer technical questions regarding the online tool.

Login information for the November 18 workshop is posted at loudoun.gov/remoteparticipation.

A series of instructional videos, available on the county's YouTube channel, is also available for members of the public to learn how to use the tool. Through these videos, individuals can learn how to create their own plans and submit them for consideration by the county. [Watch the videos here.](#)

Please use the Redistricting Tool to create and submit YOUR recommended redistricting map for consideration by the Board of Supervisors. Submit your recommended map by November 30, 2021.

To access the Tool and a series of short instructional videos on how to create and submit YOUR plan, visit: [Loudoun.gov/redistrictinghub](https://www.loudoun.gov/redistrictinghub)

My goals - Throughout this process, I will work to ensure:

- Balanced District populations.
- Communities of interest are Districted together with similar areas.
- **That western Loudoun maintains two representatives on the Board.**

I simply can't do this without your help; therefore, I strongly encourage your participation in this very important process!

Loudoun's redistricting effort will establish new local election districts for the Board of Supervisors and School Board. This legally mandated

process occurs every 10 years following completion of the U.S. Census.

All our best!
