

I was filling my car with gas at Filling Station on Northstar Blvd. and went inside to buy some items. I inadvertently dropped my wallet on the ground and didn't realize it. Sgt. Rodriguez went in after me (unbeknownst to me) and found my wallet. He then reached out to me via my personal social media asking me to call him regarding something I lost. After I didn't respond for about 10 minutes, Sgt. Rodriguez knocked at my front door, introduced himself and let me know I lost my wallet at the station. I had no idea! He invited me to follow him back to the station and he personally went inside, grabbed my wallet and handed it back to me. This is the epitome of class, professionalism and everything I, as a citizen, look for in a public servant. I have immense respect and admiration for Sgt. Rodriguez and extend my huge thank you and gratefulness toward him! I hope he, his superiors and those he works with see this message and know how truly appreciative and thankful I am for his work on Monday night.

---

Deputy Moore met me at my house. We were talking while I grabbed my things. I'm in a tough spot right now, and the deputy had some very encouraging words for me. I definitely needed to hear that, to the point where I got really emotional. If this is not the best community policing, I'm not sure what is.

Thank you.

---

Deputy Tyskowsky proved to be extremely patient and understanding. He took time to understand my situation, and I'm very grateful for his help.

---

We live in RiverCreek development in Leesburg and had our car stolen from our driveway on Saturday early morning. My husband and I have been so impressed with the LC Sheriff's Department. All the officers/detectives that we encounter have been so awesome especially Deputy Dylan Shockey #3410 who responded early that morning. Deputy Shockey is extremely professional, knowledgeable and has been extremely responsive. He has called us to follow up multiple times. Deputy Torres and the other Deputy who were at the scene when the car was recovered (can't recall the other officers name) were so incredible professional, thorough and detailed as they swept the car. . Lastly, Detective Franks came to the house to check in and reassured us that the Sheriff's dept was doing everything to find the criminals.

We are so thankful for the LC Sheriff's Department and all that you do to keep us safe. We feel so fortunate to have you all as part of our community. We hope these deputies will be recognized for all their professionalism and detail to their work.

---

So I was having a bad day. I won't bore you with the details. Needless to say, the day was made worse by an assault on my vehicle due to another driver's road rage. When I called the LCSO dispatch, I was amazed at how nice he was in taking my information and responding to my call. It gets better. When Deputy McGhee arrived, he was pleasant, patient and willing to go (IN MY HUMBLE OPINION) the extra mile to investigate and help me to resolve my dilemma. I'm delighted to be one of the many others willing to share their pleasant experiences. Personally, I wish we could hear more stories of when these Deputies, do such a wonderful job.

---

I needed to file an Incident Report. Two people were in my Apartment yesterday Cleaning. After they left: I realized one of my medications were either thrown out or taken. I couldn't find them anywhere. The Deputy was so friendly & came into my apartment & we chatted. She was so easy to talk to. I really appreciated her. She was Great!! Thanks so much! The Dispatch person was also Terrific! Blessings Sent!

**Sugarland Elementary School**  
65 Sugarland Run Drive  
Sterling, Virginia 20164

December 3, 2021

To Whom It May Concern,

Sugarland Elementary would like to extend gratitude to Deputy Adam Furusho, who has served our students for many years. In addition to leading our DARE program, he is also willing to assist and support in other areas when requested.

For example, this fall, Deputy Furusho came and spoke with our 4<sup>th</sup> graders about the dangers of vaping. Although 4<sup>th</sup> graders do not typically receive the DARE curriculum in LCPS, we identified concerns regarding students being exposed to and becoming interested in vaping. Deputy Furusho spoke with all of our 4<sup>th</sup> graders and provided sound advice, while also addressing their questions.

We are very thankful to have Deputy Furusho supporting our Sugarland community.

Sincerely,

A handwritten signature in black ink, appearing to read "Gregory Mihalik", is written over a horizontal line.

Dr. Gregory Mihalik  
Assistant Principal  
Sugarland Elementary
