[Register to Attend the Virtual Meeting Here](#)

In coordination with the Virginia Department of Transportation (VDOT), Loudoun County is hosting an online design public hearing to gain input from the public on construction improvements for the Route 7/Route 287 interchange in the Town of Purcellville.

The public hearing will be held Thursday, April 14, 2022, from 6 – 7 pm.

Members of the public are invited to join the virtual hearing to learn, ask questions and provide input about the project. **You must register to receive meeting logon details.**

[Submit Comments NOW Through April 29 Here](#)

Comments on the project design will be accepted:

- By using the Online Comment form accessible above, NOW through April 29, 2022;
- During the hearing;
- [By email](#). Please reference "Route 7/287 Interchange Improvements" in the subject line; or
- By mail to Gary Pozzouli, Loudoun County Department of Transportation & Capital Infrastructure, 101 Blue Seal Drive, Suite 102, Leesburg, VA, 20177.

About The Rt 7/Rt 287 Interchange Improvement Project:

This project is the result of an initiative from my office brought forward several years ago to improve the existing Rt 7/Rt 287 Interchange. The project funds the design and construction of improvements for the Route 7 and Route 287 interchange in the Town of Purcellville. Within an estimated distance of 1.2 miles, the project scope includes lengthened and widened ramps, turn lanes and expanded turn and through lanes along Route 287 between Eastgate Drive and the westbound Route 7 entrance/exit ramps. It also includes expanded pedestrian access to the W&OD Trail and traffic signal modifications.

Funding for this project includes local tax funding and VDOT [Smart Scale](#) funding. This federal program is administered locally by VDOT.

For more information about the interchange project, including a link to sign up for updates about the project and upcoming public hearing, visit loudoun.gov/route7-287interchange.
