Hal and Berni Hanson Regional Park Update!

Evening Light-Level Testing Begins Next Monday, June 13

Sent: June 6, 2022

**Light-Level Testing
Hal and Berni Hanson Regional Park
Beginning June 13, 2022**

**LOUDOUN
COUNTY**
VIRGINIA

loudoun.gov/hansonparkproject

Light-level testing is scheduled for the evening hours at the new Hal and Berni Hanson Regional Park athletic fields for two weeks beginning Monday, June 13, 2022, weather permitting.

Residents will notice increased activity at the park prior to the testing date.

During the light-level testing, athletic field lights will be turned on and off and dimmed. The county will begin testing at dusk and will continue for several hours. If inclement weather delays testing, plans call for tests to continue each successive workday following June 13 until the testing can be completed.

Construction is estimated to be completed in June 2022. Furniture and equipment will then be installed and Loudoun County Department of Parks, Recreation and Community Services (PRCS) will begin readying the park for its opening.

As this is an active construction site, for safety reasons the park remains closed during construction. PLEASE, NO TRESSPASSING! Security cameras were installed on the project due to evidence of construction site trespassing.

About the Hal and Berni Hanson Regional Park

This project includes the design and construction of a new 257-acre regional park located along Evergreen Mills Road in Arcola, between the Brambleton and Willowsford communities.

When completed, the park will feature:

- 17 lighted athletic fields, including two artificial turf fields and one cricket field;
- five ponds;
- the historic Hanson House;
- an event lodge and nature center;
- a skate plaza and disc golf course;
- a splash pad and playground with inclusive features; and
- over 75 acres of passive recreational space.
