## **Purcellville Could Soon Receive Free Google WiFi Along a Portion of North 21st Street**

Sent: September 13, 2022

Last week, my office toured Purcellville's North 21st Street with a representative from Google as part of their good neighbor initiative in counties across the country where they have data centers, to discuss opportunities for the company's FREE community high speed WiFi investment within the Town.

The focus of the meeting was to explore opportunities for Google to provide WiFi to public spaces along 21st Street, between Main Street and the former train station at the W&OD Trail. If this free program gets implemented, Google would fully fund the equipment, installation, and WiFi services for a minimum of three years, making WiFi available to residents, businesses, and visitors on a daily basis.

I was happy to connect the Google representative with Purcellville Councilwoman Erin Rayner to meet on site and discuss this possibility and we are hopeful the Mayor and Town Council will get behind this great opportunity for the Town. If successful, there may be future

opportunities to expand this program to other locations throughout the Town.

All our best!
