Provide **YOUR** Comments on Belmont Ridge Road Corridor Safety Study

Submit YOUR Input September 21 - October 5, 2022

Sent: September 20, 2022

We're asking you to view this [presentation](#) and provide your input on the Belmont Ridge Road Corridor Safety and Operational Study.

Submit YOUR Input Here

All comments must be received by October 5, 2022.

Long-term improvements are currently being studied with additional public outreach on those recommendations planned for a later date.

My office will continue to share updates on this project as they occur.

About the Project

The purpose of this study is to complete a multimodal operational and safety analysis on approximately 2.6 miles of Belmont Ridge Road from Northstar Boulevard to Evergreen Mills Road.

Existing conditions are being reviewed on Belmont Ridge Road in order to improve travel conditions and address existing safety problems, with an additional emphasis on pedestrian and bicycle accommodations along the corridor.

In order to identify additional opportunities to promote bicycle and pedestrian use and enhance community multimodal connectivity, the study is also analyzing future operational conditions, considering projected decreases in traffic volumes along the corridor after the surrounding Brambleton and Arcola roadway network is built out.

Visit the project page [here](#).
