

# Compliments

September 2022

# CORNER

Wonderful help with the Lifesaver System for Judith who passed Aug 15 exceptional compassion and kindness.

Thank you VERY MUCH for coffee with a cop in Ashburn. on September 16. Even though I am physically disabled, the event was accessible and I felt welcomed. Your officers are kind and considerate, and I'm pleased that I attended .

I was in an accident right off of GumSprings and Tall Cedars across from the Burn Boot Camp on September 7, 2022 in the morning going to work. I just wanted to compliment Deputy Patel on what a really professional job he did at the scene. He coordinated everything very well and we were able to get home in a timely manner. I'm glad he is working in your department.

I have been working with Deputy Thomas throughout the past year. I serve on HOA board and he has done an outstanding job protecting our neighborhood. We have had some issues in the past with tenants, and he is always quick to respond and able to solve anything that comes up. I'm glad he is part of this community and your department.

I am so thankful for these two outstanding officers. Sgt. Hall was off duty but provided so much support, even driving me home. Deputy Kidwai was also very helpful throughout the entire process. Our community is fortunate to have such outstanding men assisting our community.
