Design Phase for Aldie Fire and Rescue Station Nears 100% Completion

Sent: December 16, 2022

The Aldie Fire and Rescue Station Project design phase is now at 95% completion, according to the design project team. Following the conclusion of the Historic Resources Impact Mitigation

review, site plan approval, and building permit approval, the design will advance to 100% completion in spring 2023.

The Construction Contractor Procurement phase will follow the completion of the design process in spring 2023. Click [here](#) to learn about the County's Capital Improvement Project (CIP) phases and milestones.

About the Aldie Fire and Rescue Station

The new 23,000 square-foot station will be constructed in Aldie to replace the existing building, providing an updated and accessible facility for the Aldie Volunteer Fire Department.

Features of the new facility will include apparatus bays, bunkroom facilities, a training room, a break room, restrooms and showers, food preparation and dining areas, laundry and decontamination areas, supply storage, a gear and hose drying area, a breathing apparatus air compressor room, a fitness room, offices and a repair shop.

In addition to the new facility, site improvements for this project include two entrances off Route 50, access and parking areas, a well and septic field, lighting, landscaping, and a storm water management pond.
