## Northstar Boulevard Construction Update (Evergreen Mills - Route 50)

**ALSO:** Segment of Arcola Mills Dr to Close on Feb 1, 2023

Sent: January 14, 2023

I wanted to let you know that construction of the long awaited Northstar Boulevard Extension project from Evergreen Mills Road to Route 50 is expected to begin soon (weather dependent: around February or March of 2023).

The project will:

- Construct a new four lane median divided roadway from Evergreen Mills Road - Route 50;

- Construct 10' wide shared use pathways on both sides of the new roadway;
- Construct a new traffic signal at the intersection of Northstar Blvd and Route 50;
- Construct a new connection from Northstar Blvd to the segment of Arcola Mills Drive located east of the soon to be constructed section of Northstar Blvd;
- Realign Youngwood Lane from its existing intersection with Racefield Lane to a new connection with Northstar Boulevard (Note: This new connection will become the western end of Loudoun's planned extension of Dulles West Boulevard);
- Reconstruct and widen Racefield Lane. (Note: Racefield Lane will become the primary access point to VDOT's Arcola Area Headquarters).

Construction of this project is currently anticipated for completion around Fall of 2024.

As part of this project, planned closure of a 700' segment of Arcola Mills Drive (see red segment of below graphic) will be closed to through traffic on February 1, 2023. To facilitate this closure, new traffic pattern signage will be posted during the week of January 16, 2023.

**Guidance for Those with Existing Driveways Along Arcola Mills Road (Evergreen Mills Rd - Belmont Ridge Road)**

Entrances and driveways on the west side of the soon to be closed segment of Arcola Mills Drive will remain

accessible to vehicles from the existing Evergreen Mills Road / Arcola Mills Drive intersection.

Entrances and driveways on the east side of the soon to be closed segment of Arcola Mills Drive will remain accessible from the Belmont Ridge Road / Arcola Mills Drive intersection.

### **General Information Regarding Loudoun's Northstar Blvd Extension Project (Evergreen Mills Rd - Route 50)**

Loudoun County's Northstar Boulevard project will construct a new four-lane, median divided roadway from Evergreen Mills Road to Route 50. The project also includes 10-foot-wide shared use paths on both sides of the new roadway.

Once constructed, the new 1.6-mile segment of Northstar Boulevard will serve as a minor arterial roadway from Route 50 to Evergreen Mills Road. It is also part of what will be a 14-mile, uninterrupted corridor extending from Route 7 south to the Prince William County line. When completed, this segment of Northstar Boulevard will provide an alternative north/south connection to Route 50, not only addressing traffic congestion in the corridor, but also improving capacity and safety on existing roadway networks within the Dulles South area.

Funding for this \$90 million project includes a \$25 million Fiscal Year 2017 Transportation Investment Generating Economic Recovery discretionary grant from the U.S. Department of Transportation administered by the Federal Highway Administration. Funding for this project is also provided by the Virginia Department of Transportation, Northern Virginia Transportation Authority Regional Revenue Fund and Local Distribution Fund and from Loudoun County.

More information, including a link to sign up for updates on the project, can be found on the Loudoun County website at [loudoun.gov/northstarphase1](http://loudoun.gov/northstarphase1).
