

## Round Hill Evening Star Drive Corridor Study Approved

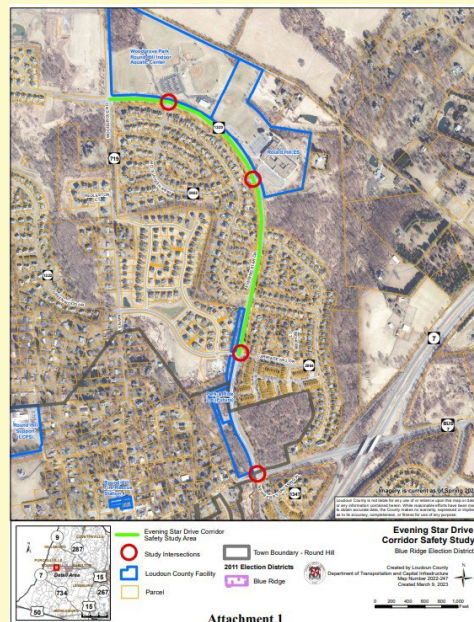

**Pedestrian and Bicyclist Safety Improvements to Come at Studied Crossings**

Sent: April 20, 2023

I would like to thank my colleagues for approving the [Round Hill Evening Star Drive Corridor Study](#) at the April 18, 2023, Business Meeting.

The installation of high visibility crossings will occur at the following three intersections:

- Evening Star Drive/Park Heights Circle (north), at the Round Hill Indoor Aquatics Center

- Evening Star Drive/Park Heights Circle (south), at the Round Hill Elementary School
- Evening Star Drive/Carriage Hill Drive/Greenwood Drive

These crossing treatments, along with sign upgrades, will make Round Hill a safer community for pedestrians and bicyclists.

Staff identified \$448,500 to fund these improvements from the CIP Contingency account, which will be transferred into the Capital Projects Fund. The County's Department of Transportation and Capital Infrastructure will soon begin the design of this project, which could take anywhere from 9 months to one year to complete with VDOT approval. Construction will occur following design approval.

As further updates become available, my office will keep you informed of this project's progress.

**Loudoun County**
