

Loudoun County Launches Real-Time Bus Information for Commuter Bus Riders

Dear Blue Ridge District Residents,

I'm happy to inform you that Loudoun County has launched a new real-time bus information system that provides commuter bus riders with accurate arrival times of their buses.

"Bus Time" is a web-based tool that can be accessed via smartphone, mobile device, laptop or PC. This program helps riders plan their commute by allowing them to see the next several buses scheduled to arrive at their selected stop.

Using GPS technology and schedule/arrival data, the Bus Time program calculates the arrival time of buses for specific stops and routes.

More information about Bus Time, including the link to the tool, is available online at www.loudoun.gov/bustime or by contacting Loudoun County Transit at 703-771-5665 or rideshare@loudoun.gov

All my best,

Tony

Blue Ridge District Supervisor
