LOUDOUN

our county • our future

**Make your voice heard
and help shape the future of Loudoun County!**

What is Envision Loudoun? [Envision Loudoun](#) is a once in a generation opportunity for the Loudoun community to work together, to understand our choices for the future, and build a long term plan for the County that reflects our collective vision.

The County is committed to updating its vision and policies for where and how it grows into the future through its [comprehensive plan](#). Your input will help make Loudoun County an even better place to live, learn, work, play, visit, shop, and raise a family!

1. **Open, Inclusive:** The process will be designed and facilitated so that everyone feels comfortable engaging. It will be welcoming and respectful of the diversity of opinions. Anyone and everyone in our County interested in the future of Loudoun County is invited to join in this process.
2. **Opportunity:** The planning process is a key means to explore opportunities, e.g. create a "complete community." The process is also a means to maintain and improve upon the high quality of life we currently enjoy in Loudoun, and to make sure the County is moving forward to meet the challenges and embrace the opportunities of today and in the future. The process will convey excitement.
3. **Connecting:** This is a county-wide initiative and an opportunity to connect people and issues with our future vision. The process will motivate and facilitate deeper participation and connections. The county is diverse with respect to development (rural, suburban and urban), points of view, and culture and this diversity presents us with exciting possibilities for shaping our future.
