

**New Right-hand Turn Lane from
Belmont Ridge Road onto Evergreen Mills Road**

Congestion relief for the intersection of Evergreen Mills Road and Belmont Ridge Road can't come soon enough! While long-term relief is planned, there has been no plan for short-term improvement until now. Following my June 27th Brambleton Area Transportation Update, I asked the Brambleton developer to pay for and construct a turn lane to reduce congestion for westbound traffic on Evergreen Mills Road turning northbound onto Belmont Ridge Road. Brambleton agreed and has worked diligently with my office, county staff and VDOT to make it happen ASAP. As such, I'm happy to report that you will soon see construction of the new turn lane.

Weather permitting, construction will occur as follows:

- December 7: Construction begins
- December 13: Construction concludes

I would like to thank the Brambleton developer for their willingness to pay for and construct this turn lane as it will reduce traffic congestion for Brambleton, Willowsford, Loudoun Valley Estates and many other communities in our area.

As always, I will continue to do everything in my power to reduce traffic congestion and increase safety within our area!

Note: Anyone who did not receive this update directly and would like to in the future can do so [here](#) or by texting blueridgeconnect to 22828

All my best,

Tony Buffington
