

Loudoun County Public Schools High School 9 Community Information Meeting

On January 25, 2017, at 6:30 p.m. in the John Champe High School auditorium, LCPS will hold a community information meeting to share information regarding the proposed HS-9/ES-29 and Loudoun County public use site.

As you may know, the Board of Supervisors and the School Board worked together to accelerate the planned opening of this much needed high school by one year from the Fall of 2021 to the Fall of 2020. The elementary school is currently planned to open in the Fall of 2023.

The proposed schools will serve students from the Dulles South area. The high school will include lighted athletic competition fields (stadium, baseball and softball fields), tennis courts, track facilities, and two physical education fields. The elementary school will include recreational facilities including a softball field and an all-purpose field. The County public use site (approximately 30 acres) may be developed into a future County park or other County use as determined by the Board of Supervisors.

For those living in "The Greens" of Willowsford, located adjacent to the proposed site, please know that I am working closely with the School Board to ensure proper buffering between existing homes and the proposed site. My hope for the proposed County owned site is to become a public park easily accessible to the residents of Willowsford.

Additional information regarding this proposal has been posted on the [LCPS website](#).

Note: In the event of inclement weather the meeting will be rescheduled for February 1, 2017, at 6:30 p.m. in the John Champe High School cafeteria.

All my best,

Tony Buffington
Blue Ridge District Supervisor
