

Traffic Signal & Intersection Reconfiguration Work Belmont Ridge & Northstar Blvd (March 14 - March 30)

March 13, 2018

Please be alert for temporary lane closures, lane shifts, flagging operations, and more as workers complete planned improvements at the intersection of Belmont Ridge and Northstar Boulevard near Brambleton.

Weather permitting, construction is scheduled to conclude on or before Friday, March 30, 2018. Improvements include:

- Completion and activation of traffic signal
- Completion of full access lane and roadway markings
- Completion of pedestrian curb ramps, crosswalks and signal poles at all four corners of the intersection

Lane closures are expected to occur during the following timeframes:

- Monday - Thursday, 9:30 am until 3:00 pm
- Fridays, 9:30 am until 2:00 pm

As this is a difficult intersection improvement project involving multiple moving parts, temporary lane closures, etc., drivers are asked to exercise extreme caution when navigating the intersection and to utilize alternative routes if at all possible.

All my best,

Tony Buffington
