

Board Approves "Brandt Commercial" Application (Southwest Corner of Shreveport & Northstar)

March 16, 2018

On Wednesday the Board approved a Brambleton application to improve upon a prior 2007 approval made by a previous Board of Supervisors. Wednesday's approval incorporated the following:

- Increased commercial area by adding 8 acres previously zoned for residential
- Decreased number of possible drive-thru restaurants from three down to two
- Increased size of gas station in order to accommodate demand
- Allowed for automobile service station (without gas pumps)
- Revised planned building layout in order to better accommodate traffic flow

I do not have an estimate for when construction will occur; however, as soon as that information becomes available I will share it with you.

All my best,

Tony Buffington
Blue Ridge District Supervisor
