

Board Allows Additional Time to Further Explore Potential Opportunities for Alternate Site

March 24, 2018

I'm happy to inform you that during the March 22, 2018, Business Meeting, the Board authorized additional time for County staff to further explore potential opportunities to identify an alternate site for the Aldie Fire Station.

As previously reported, design work on the current site will continue.

It is expected that County staff will report back to the Board at the April 19, 2018, Business Meeting, at which point an updated determination as to how best to proceed will be made.

As always, I will keep you informed as additional information becomes available.

All my best,
