I was walking through the Lansdowne neighborhood with my two and a half year old son and my father. Deputy Hill was sitting on the side of the street in his car with the window open. He went out of his way to say "hi" to my son and asked if he had ever seen the inside of a police car. He spent 5 minutes engaging with and talking to my son. He made his day and he's still talking about it! Given everything going on in the country related to the police, it was great to see our local officer's being so engaged in the community. Thanks, Deputy Hill.

I made a poor decision today while driving home. I was pulled over by someone who

identified himself immediately since he was in an unmarked car. He explained why he was talking loudly (traffic), treated me professionally and even shook my hand. He made it very clear he was not talking down to me. This is someone who makes an impact on the community and I honestly think I'll take more away from this than if he had given me a ticket. If it can be determined who it was, please thank him again for me.

Sheriff Mike Chapman  
Loudoun County Sheriffs Office  
803 Sycolin Road SE  
Leesburg, VA 20175

Dear Sheriff Chapman:

This letter is to formally thank you for allowing 1st Lieutenant Kenneth Pratt to participate in the Police/Sheriff Lieutenant Exam Development Process, April 12, - April 17, 2015. His knowledge and expertise was extremely valuable in the development of the exercises. Especially helpful was his dedication and hard work. The process would not have been successful without him.

The success of our past examinations has, in large part, been due to the involvement, generosity, and expertise of law enforcement professionals such as you and your staff. While the time commitment was extensive, the development process can serve as a valuable learning and development experience for law enforcement personnel who serve as subject matter experts (SMEs). The training and development activities supplied SMEs with skills for analyzing and evaluating behaviors on the job that can translate to more effective evaluation of staff. Additionally, it provided SMEs with a better understanding of public safety selection processes. If you have any questions or if we can reciprocate by providing you with assistance in the future, please contact Marty Alber at (205) 279-3595 or at [Marty.Alber@pbjcal.org](mailto:Marty.Alber@pbjcal.org).

Today, I called your non-emergency number to speak to the office who made the call; of course no such individual exist. I learnt that it was likely a hoax seeking to extort money.

Incident Location\*:

Date of Incident:

june 22nd 2014 - present

Explain the circumstances on why you are paying this compliment\*:

My family and I suffered a house fire last year the night of June 22nd. John responded to the scene, while all the fire departments were busy with all the chaos going on and with all of our personal belongings in the house. He offered his phone so that we could contact our other family members and anything else he could do for us that night. Since that time he has made a constant presence around our place while we have had to live at another residence. Having officer John of the Sheriffs Department taking the time and effort to watch out for us in our absence during the build back of our home has been awesome to say the least. I just wanted to say Thanks:)

Major Fraga,

I'm [REDACTED] a parent who attended 2 recent presentations held at Dominion HS on Internet/Technology Safety & Bullying, Teens Mental Health held by your team. I want to thank you and your entire team for 2 excellent and informative sessions. In particular, I found the presentation on Internet/Technology Safety to be very powerful. I was disappointed to discover that my 6th grader in Seneca Ridge MS hasn't seen the presentation geared towards him and his peers. So I contacted Seneca Ridge MS's principal Mark McDermott and urged him to contact your team to come and give the presentation on Internet/Technology Safety to the 6th graders at Seneca Ridge before the end of this academic year. As you can see from his response below he agreed it would be a good idea and would contact your team and attempt to schedule a presentation.

I am optimistic that Seneca Ridge MS will be able to coordinate a mutually agreeable date/time to have your team give this presentation. Thank you again to you and your team for their efforts.

Sincerely,

I was having coffee with a friend today at Starbucks, Eastern Marketplace. Deputy Iversen took the time to just stop and talk with us. I have to honestly say it made my day. As a member of the community it gave me the opportunity to identify with him as person, beyond the badge and law enforcement vehicle. He was very courteous and seemed to have a genuine concern for the people in the community. I walked away with a tremendous amount of respect for him as an officer of the law, as person. I saw the humanity in him. With all the negative reports in the news, I wanted to you to know this Deputy was caught doing good. Just in case your wondering, yes I have pictures on my phone. ### Explain the circumstances on why you are paying this compliment:\*

Sheriff Chapman: I am writing to compliment the LCSO, and other involved agencies, for the management of the very sad incident on April 6th in the 43100 block of Rockfield Court in Ashburn. The very large public safety response seemed so organized, and the plan toward resolution seemed well executed (from a citizen's perspective). As impressive was the effort to protect and reassure residents in neighboring homes during the protracted incident. Please extend our appreciation to the many members of the several public safety departments who responded that evening.

I wanted to recognize Sean Conroy (ECC) and Dave Young (DIT) for going beyond their normal course of duties to ensure a community notification was sent to residents regarding a possible barricade situation on Rockfield Court on April 6, 2015.

The Loudoun County Sheriff's Office responded to a home on Rockfield Court after receiving a 911 call from a person claiming they had just committed a shooting and they threatened to harm themselves. Deputies arrived on scene and were unable to make contact with anyone inside the home. Sgt. Lee Williams requested a Reverse 911 message be issued to the surrounding homes due to the possibility of a barricade situation involving a firearm.

Dispatcher Conroy began initiating a Reverse 911 message. Unfortunately the mapping software was not functioning properly making it impossible for him to send the message. Dispatcher Conroy contacted Dave Young of DIT to assist with fixing the issue. Between their efforts, a message was sent to the residents advising them of the situation and to remain inside their homes. Not only were the residents initially notified of the situation, they were able to receive an updated message that was sent after the scene was determined to be an isolated incident and there was no threat to the community.

Dispatcher Conroy realized the importance of this community notification and called Dave Young of DIT to assist with the matter. Dave Young made sure he was available and worked afterhours to help complete the task of sending the notification.

Their efforts ultimately ensured the safety of the residents on Rockfield Court by making sure a message was sent advising them of the issue in their neighborhood and the necessary precautions they needed to take.

Dear Mr. Dondero-

My name is Mark Vanderlyn and I am the coach of a local robotics team, team Geared UP!. The team is preparing to compete in St Louis in an international competition during the week of April 20<sup>th</sup> . My reason for writing to you and Captain Gaither is to recognize one of your officers, Ms. LaTriviette Young. Deputy Young volunteered to come out to my home last week and critique my team's research and teamwork presentations. I cannot adequately express in words how much I appreciate the great feedback she gave my kids, but more than her spot on comments, the genuine way she was able to connect with both them and the parents present. Deputy Young, to put in the kids words "ROCKS!" and the real deal- I am sure that this is something that you must already knew- This is not the first time Deputy Young has help prepare my team for a tournament. Last year when we were studying road flooding along the Goose Creek Deputy Young also came out to review the teams new water activated warning sign and again the feedback she gave them made a big difference. They ended up winning a national level research award during the North American Open in CA.

In closing, on behalf of Ashburn Robotics, I am grateful that our community has such a wonderful role model, as Officer Young, for our children to look up to, especially given how the media at times only reports negative images of law enforcement-

Please in some way let this remarkable young lady know how much a difference her service makes to all of us fortunate enough to cross her path-

Best Regards,  
Mark-

March 24th, 2015

Dear Sgt. Apolloney.

On March 11<sup>th</sup> 2015 a note was found written on the wall in a bathroom of one of our Middle Schools that indicated a bomb was in the school and would be detonated on a specific date and time. Taking all threats seriously the Fauquier County Sheriff's Office and Fauquier County Public Schools made a decision to search the school the morning of March 13<sup>th</sup> and again for another threat on March 18<sup>th</sup> prior to the students return as a precaution. We assembled numerous bomb detection K-9 teams from the surrounding jurisdictions including Deputy David Orr with Loudon Co. S.O. I would like to take the time to say thank you for your Office's quick response and your Deputy for their professionalism and assistance in helping keep our community safe.

Sincerely,

A handwritten signature in black ink that reads 'LT. Col. Paul F. Mercer'.
