

Update - Full Closure of Library During Upgrade Period

May 16, 2018

Further discussions regarding the extent of improvements to be completed at the Library have resulted in a decision from Library and County staff to fully close the facility during the upgrade period in order to ensure safety of Library staff and the general public. Previous plans

envisioned a partial closure during the upgrade. The construction time frame remains May 21 - June 1, 2018.

As always, I will keep you informed of any further updates.
