

I Need Your Input!

Broadband & Transportation Surveys

May 31, 2018

Broadband Survey: (survey available until June 29)

Expanding broadband access is one of my top priorities. As such, Loudoun is conducting a short survey to help identify current coverage, and the various technologies used to deliver it. The information collected will be shared with relevant broadband service providers and community planners in an effort to identify solutions to improve access.

Please use the below link to complete this short survey:

Transportation Comments: (available until June 15)

The Board of Supervisors has selected 18 transportation projects for possible submission for state funding via the Commonwealth Transportation Board's, Six-Year Smart Scale funding program.

I'm happy to report that 10 of the 18 projects are Blue Ridge District projects! Unfortunately, Loudoun is only allowed to submit 10 projects, so the Board must remove 8 of these projects prior to submission.

I need your help to ensure that most of our Blue Ridge District projects remain listed for submission!

Please help me do so by using the below link to leave positive comments about these 10 Blue Ridge District transportation projects and how they will improve your quality of life:

Our 10 Blue Ridge District Projects:

- Northstar Boulevard New Segment
- Evergreen Mills Realignment (Watson & Evergreen)
- Ryan Rd Widening (Northstar - Evergreen)

- Belmont Ridge Widening (Shreveport - Evergreen)
- Route 50 Corridor Improvements
- Dulles West Boulevard Collector Road
- Route 50 & Trailhead Roundabout
- Route 15 & Braddock Roundabout
- Trailhead & Braddock Roundabout
- Route 50 & Everfield Roundabout

To submit your comments on these projects, use the above link to visit the online survey map (shown below). Once there, click on any (or all) of our above listed projects and post your comments!
