Deputy Alexander was informative, professional and exceptionally positive. Our family was issued a parking violation that was able to be resolved with the assistance of the

---

LCSO. Deputy Alexander is surely a great asset to the Sheriffs Office and im thankful to have people like herself upholding the law. I also want to thank the entire LCSO for their responsiveness and friendly nature during all interactions (phone calls etc.)

After an unexpected tire blowout, my vehicle was off on the shoulder of the bridge in a vulnerable position exposed to constant traffic. Deputy Dimas approached and checked on me. He then secured the scene and also positioned his vehicle to protect me from potential impact. He stayed with me until I was able to receive roadside assistance. My sincere thanks to Deputy Dimas for his awareness and concern.

Deputy Gondeck arrived very quickly following my 911 call about possible gunfire. He was efficient, polite, helpful? And professional. He spoke with me and at least one other resident, and let us know there was another unit responding. He was great representative of the LCSO. Thanks!

My son missed his bus and proceeded to walk to school. An Officer passed my son on his way and offered him a ride. This Officer did not have to do this. I'm sure he had more important things to do than to take my son to school. It impressed me greatly that the Officer took the time out of his morning to ensure my son arrived safely at school. We don't know the Officer's name, but would like to thank him for his kindness and for all that the LCSO does for our community.
