**New Names for Southern Section of
Evergreen Mills Road & Shreveport Drive**

January 28, 2020

Prepared by: Loudoun County's Office of Mapping & Geographic Information

Effective Thursday, February 27, 2020, Shreveport Drive, along with Evergreen Mills Road from Shreveport Drive to Loudoun County Pkwy, will be renamed.

Existing Evergreen Mills Road from existing Shreveport Drive to Loudoun County Pkwy will be renamed as "Arcola Mills Drive." Shreveport Drive will be

renamed as a new section of "Evergreen Mills Road." There will no longer be a Shreveport Drive in Loudoun County.

The new road signs are scheduled to be installed on February 27, 2020. In the event of inclement weather, they will be installed on March 5, 2020.

The changes will better reflect the new continuous alignment of Evergreen Mills Road, will promote easier navigation for the vehicles traveling along Evergreen Mills Road, and will help ensure accurate public safety responses.

Property owners were initially notified of the planned road realignments in the spring of 2019 and were invited to participate in the process of selecting a new name for the section of Evergreen Mills Road through Arcola. More than half of all property owners participated in the renaming process! Letters will be mailed to owners of 97 affected parcels this week to official inform them of the effective date of the name changes.

Questions should be directed to the Loudoun County Office of Mapping and Geographic Information at 703-771-5778 or mapping@loudoun.gov
