

2020 CENSUS: WHAT YOU NEED TO KNOW

The 2020 Census Safe, Easy, and Important.
Don't miss your invitation in the mail in March!

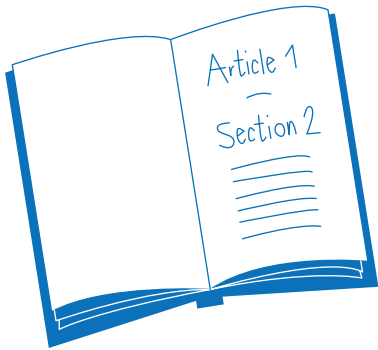

Everyone counts.

The census counts every person living in the U.S. once, only once, and in the right place.

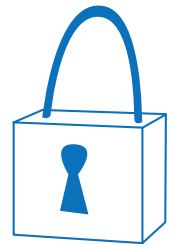

It's about counting people.

The Census will **not** ask if you are a U.S. citizen.

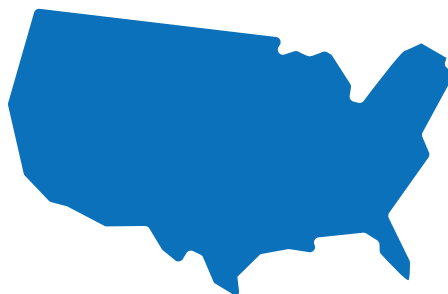

It's in the Constitution.

The U.S. Constitution mandates that everyone in the country be counted every 10 years. The first census was in 1790.

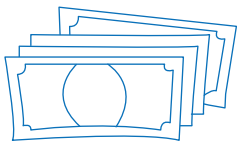

It's about your family.

Your privacy is protected.

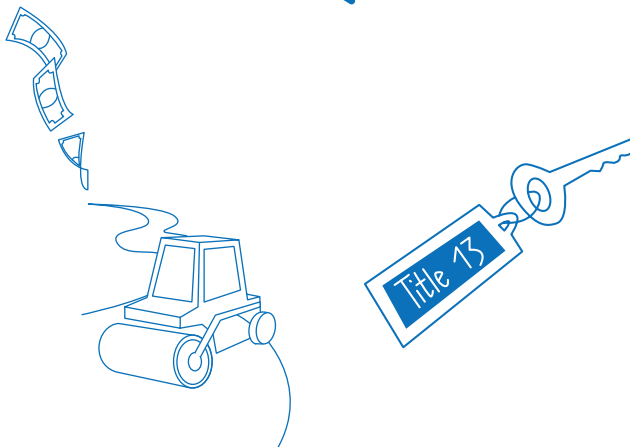

It's against the law for the Census Bureau to publicly release your responses in any way that could identify you or your household.

By law, your responses cannot be used against you and can only be used to produce statistics.

The distribution of more than **\$31 million** in federal funds, grants and support to Loudoun County is based on census data.

That money is spent on schools, hospitals, roads, public works and other vital programs.
