No Frame Required!
Our First Facebook Art Show

Co-presented by Friends of Franklin Park Arts Center and
Franklin Park Arts Center

Welcome to Franklin Park Arts Center's first Facebook art show! Since the Franklin Park Arts Center is closed during this health crisis, we wanted to create an opportunity for our visual artists to connect with the community and exhibit their artwork in a virtual exhibit. *No Frame Required* is our first virtual art exhibit and we will be utilizing our website and Facebook page to bring it to the community.

Loudoun County artists and craftspeople are invited to submit up to three digital photos of your artwork for *No Frame Required*, with all mediums accepted. Especially consider entering those things you always wanted to submit but never framed - or 3-D pieces that don't need a frame! Any subject matter is fine, the choice is yours! The eclectic nature of this virtual exhibit will only add to the excitement and provide the opportunity for audiences to see the variety of artists in our community.

No Frame Required images will be posted on the Franklin Park Arts Center Facebook page beginning Friday, April 17, 2020. Franklin Park Arts Center will host a virtual opening on Sunday, April 19, 2020 from 8:00 – 9:00 pm with plans to make it as interactive as possible. You can share the show with your friends and family via Facebook and invite them to experience your art in a new way. We will also be posting the exhibit on FranklinParkArtsCenter.org from April 16 – June 14, 2020

Submission Requirements:

Images, entry form (or information from entry form in an email) and a brief statement (of no more than 2 sentences about each piece) should be emailed to Elizabeth.Bracey@loudoun.gov by Monday, April 13, 2020 at 5:00 pm.

We look forward to seeing your creative submissions! As with all our exhibits, Franklin Park Arts Center and Friends of Franklin Park Arts Center reserve the right to refuse any artwork or edit any statements to comply with County guidelines and policies. Thank you!
