

ACKNOWLEDGEMENT

Geotechnical/Geophysical Release Form

ATTACHMENT 2

This form shall be signed and submitted prior to obtaining plans and specifications from the Division of Procurement. Plans and/or Specifications will not be released if a signed form has not been submitted.

As evidenced by the Bidder's signature below, the site and soils data, photographs, boring and well construction diagrams, pilot project notes, and Geotechnical and/or Geophysical Engineering Report(s) dated June 23, 2020, prepared or compiled by GeoConcepts Engineering, Inc. and related to RFQ 321782, Dulles Transit Center Renovation (Project) is being made available to the Bidder in good faith in order to apprise the Bidder of the information within the possession of the County. The Bidder understands that the opinions expressed in this report, as to subsurface conditions, are those of the geotechnical engineer and represent interpretations of subsoil conditions, tests, and results of analyses conducted by geotechnical engineer. The County will not be responsible for the contractor's interpretations or conclusions drawn from this data. However, the geotechnical recommendations indicated in the report shall be adhered to. The Bidder agrees to indemnify, hold harmless, and defend the County, its employees, agents, servants, and representatives from and against any costs, claims, extension of Contract time, or liabilities of any kind resulting from the use of or reliance on these reports.

By making this information available, the County is not classifying the site. Additionally, this information is not a substitute for personal and independent investigation, interpretation, and judgment by the Bidder. In the event the Bidder elects not to perform his/her own investigation of the subsurface conditions prior to the submission of the Bid, the Bidder will relinquish the County from any liability, extension of Contract time, or cost associated with this decision. It is the obligation of the Bidder to make its own interpretation of all subsurface data that may be available and satisfy itself, through its own independent investigation, as to the nature, condition, and extent of the material to be excavated, graded, or driven through or any other geotechnical aspect of this Project.

If Bidder elects to conduct its own site investigation of County property, the Bidder shall indemnify, hold harmless and defend the County, its employees, agents, servants and representatives from and against any and all claims, suits, demands, actions (regardless of the merits thereof) and damages of whatever nature arising out of or resulting from its site visit and any associated work, including jurisdictional labor disputes or other labor troubles that may occur during the performance of the Work.

Site investigation work shall be conducted between 9:00 am to 5:00 pm, Monday through Friday.

The Bidders is responsible for:

1. Coordinating the time and date of the site investigation with the County.
2. Any damage to adjacent property.
3. Backfilling and compacting borings or test pits prior to departing the site.
4. Coordinating with Miss Utility to locate utilities prior to any work being done.
5. Damage to onsite utilities.

- 6. Management of traffic and safety of the public on roads adjacent to the site.
- 7. Safety requirements for equipment and personnel brought to the site.

The submission of a Bid shall be considered conclusive evidence that the Bidder has satisfied itself as to the subsurface conditions that may be encountered in performing the work for the Project.
